UPD SEEKS INFORMATION FOR RAPE INVESTIGATION

The University Police Department is seeking assistance from the public regarding a rape that was reported to have occurred at about 3:00 AM on Sunday, 05/11/2008, between Sunset Hall and the Jolly Giant Commons. The survivor reported this week that a male acquaintance, casually known to her, perpetrated sexual intercourse against her will in that area. University Police investigators are seeking (1) information from any witness that might have seen or heard unusual activity in the area early on Sunday morning, and (2) further information about the identity and location of the possible suspect to carry the investigation further.

The suspect is described as being a slender white male in his early 20's, about 5'9" tall, 150-160#, with brown "dreadlock" hair to his shoulders, and baggy clothing.

The public is urged to come forward with observations or information that might assist with the investigation. Information may be provided by phoning UPD at 826-5555, or sent via e-mail to HSUPD@humboldt.edu.

Anonymous tips will be accepted.
